**RE: SIXTY-EIGHTH WALES COVID-19 UPDATE**

Dear Residents, Employees and Family Members,

Yesterday, the Minister of Health announced that unvaccinated healthcare workers must undergo mandatory testing at least three times per week, or they will be suspended without pay. As a result of this decision, COVID-19 vaccination will no longer be mandatory for current healthcare employees but will be required for any new hires. The Wales Home is grateful and congratulates all its employees for being fully vaccinated.

**Correction:** CHSLD residents will receive Moderna and not Pfizer as a third dose.

**Nov. 5<sup>th</sup>: Wales Home residents will be vaccinated in the Main Living Room:**
