Residents, Employees, Family Members, and Volunteers

**REGARDING: 189<sup>TH</sup> WALES COVID-19 UPDATE**

Dear Residents, Employees, Family Members, and Volunteers,

Since the last update, we continue to have employees and residents infected with COVID-19 and those with gastro symptoms. Family members can still visit a resident in isolation but must comply with the personal protection measures in place. Public Health has recommended that residents in isolation who are scheduled for a bath receive a bed bath instead of bathing in the common whirlpool room. Below are the number of current residents in isolation:

**CHSLD (96 Long Term Care Units):**

NORTON 1 ISOLATIONS		NORTON 2 ISOLATIONS		NORTON 3 ISOLATIONS	
COVID	GASTRO	COVID	GASTRO	COVID	GASTRO
1	3	0	0	8	0

**RPA (60 beds + 19 Apartments) and RI (12 beds):**

SHAW/MANNING & CENTRAL	
COVID	GASTRO
0	0

**Employees working on a unit in a COVID-19 outbreak or who has symptoms but has tested negative for COVID-19, must take their breaks in the designated breakroom in Shaw Sub-basement.**
